

Transportation Staff Meeting

August 7, 2013
2:00 PM
Room 601 (6th floor CMGC)

AGENDA

1. 2040 MTP Roadway Project Ranking Process

Description:

Update on the status of the 2040 MTP roadway project ranking process. An overview of the process, completed steps, and next steps will be presented. The objective is to provide staff with an understanding of the process, how it fits into the MTP development schedule, and key dates for completing the process in a timely manner.

2. 2040 MTP Non-Roadway Projects

Description:

At the July TCC meeting a question was raised about how non-roadway projects will be addressed in the 2040 MTP. This is an opportunity to discuss how those types of projects are addressed in the 2035 LRTP, and to determine if a similar approach, or a different approach, is necessary for the 2040 MTP.
