

Transportation Staff Meeting

October 9, 2013
2:00 PM
Room 601, CMGC

AGENDA

1. Ardrey Kell Road Thoroughfare Plan Amendment (Basham)

Description: A mixed-use development has been proposed at the intersection of Providence Road (NC 16) and Ardrey Kell Road. The project will impact the future extension of Ardrey Kell Road. The proposed development will require a Thoroughfare Plan amendment to revise the alignment of the future Ardrey Kell Road Extension through the site.

This topic will be added to the October 10 TCC meeting agenda. Staff will request that the TCC recommend to the TPO that it approve the start of a public involvement effort to amend the Thoroughfare Plan.

2. 2040 MTP Fiscally Constrained Project List (Landa)

Description:

The TCC will be asked to recommend that the CRTPO approve the fiscally constrained project list. A public comment period ended on Friday, October 4 and all public comments have been distributed to the TCC for consideration. Final suggested changes to the project list will be discussed.

3. SPOT Database Review (Landa)

Description:

The Strategic Planning Office of Transportation (SPOT) of NCDOT has requested that all MPOs review the roadway projects currently in the prioritization database and make any requested changes to those projects no later than October 23. In addition, the appropriate NCDOT Division Office must agree to the change. This will be an opportunity to review the existing SPOT project list and begin the discussion of possible changes. ***Please note that decisions about removing projects from the database do not have to be made until January 2014.*** This is simply to discuss changes to projects in the database (e.g. project limits, description, etc.).
